## Our Story

From humble beginnings, two best freinds, Lindsey and Laney sought a way to bring the artisan ice cream flavors into soft serve form!

*"Laney's grandmother used to make us waffle cones from scratch and they were beyond good that we wanted to share them with others!" -Lindsey (co-founder)*

The Big Moo Creamery is taking ice cream and bringing it back to its roots. The Creamery strives to incorporate the agricultural perspectives of dairy farming while also providing all natural and delicious desserts!
